Sightseeing Attractions

With advance arrangements, you will be picked up at the determined meeting point by a taxi adorned with a udon-shaped lamp, the symbol of the Udon Taxi.

There are 60 minute, 90 minute and 120 minute tours, that will take you to between one and three udon restaurants – the number of restaurants depnds upon the route. The driver will arrange the tour depending upon your udon preferences and specific restaurants you might have in mind. All drivers are themselves big fans of udon, and have passed a standardized examination of udon knowledge. Guides are keenly attuned to the peak times of restaurant crowding, so you need not worry about the arrangements if this is your first time on an udon expedition.

The Udon Taxi has been featured in both domestic and international media.
