Introduction

This is western Japan's largest theme park. In total there are 23 attractions for you to enjoy, including an enormous ferris wheel with a diameter of 50 meters, a ride that spins you around at 59 meters above the ground and a roller coaster that zips you along the surface of the water.

There are parades and entertainment featuring original characters, in addition to a lovely show that the whole family will enjoy.

There are seasonal flowers inside the park, and every spring and autumn the World Rose Exhibition features 140 types of rose from around the world.

In the evening, you will see an illumination consisting of 1,500,000 lights – 365 days a year. Don't miss the 3D projection mapping and the light parade. The view of these lights from the attractions takes you into another world.

In the summer there is a pool with flowing water, kids pool and wave pool. These are all outdoor. The Hotel Reoma no Mori – the official hotel – is located next and has natural hotsprings and an indoor pool (open only Friday, Saturday and Sunday). A relaxing stay at the hotel is highly recommended.
