Facility Introduction

Atop a hill overlooking the Seto Inland Sea, this park was created with a Greek feel. The park is spacious, with some 2,000 olive trees and more than 130 types of herbs planted. At the Herb Craft Hall you can make sachet fragrance bags and potpourri using the herbs planted here. There are also many herb products for sale at the Herb Shop Koriko. In the Olive Hall, there is a restaurant offering various herb dishes, as well as other herb items that make excellent gifts. The Greek Island of Milos is the sister island of Shodoshima, and it is recommended to see some of the symbols of this friendship – Greek windmill, the Fureaiba with its old Greek style buildings and the natural hot springs 'Sun Olive Hot Spring'.
