A park in a fantastic location with a view of the Seto Ohashi Bridge

Facility Introduction

The Seto Ohashi automobile-railroad bridge is the world's largest, and this huge park was arranged on the previous site of the Memorial Exhibition. You can see the full process of construction of this massive suspension bridge at the Seto Ohashi Memorial Hall.

There are large play structures and a grass plaza, and a fountain called 'Mizu-no-kairo', which takes the shape of a bridge. There are sports facilities and a target bird golf course, so this is also a popular spot among sports fans.

One stone carving in the park will stand out and catch the eye. This is the Onibyobu (The Ogre Screen) by the world famous sculptor Nagare Masayuki. You can actually pass through the Kuguri-taki, a waterfall tunnel of 50 meters width.

In the adjacent area is the Kagawa Prefecture Higashiyami Kai Setouchi Art Museum, and the Seto Ohashi Tower, where you can look over the Seto Inland Sea from a height of 108 meters.

Map Info

Lat 34.352725 Lon 133.826107

The location can be checked on a map online by entering the lat-lon coordinates into a smart phone connected to the Internet.
